Joint Media Release #01-26

County of Haliburton Service Delivery Review – Communications Survey

As part of the ongoing second phase of its Service Delivery Review, the County of Haliburton and its four member municipalities have issued a public survey regarding municipal communications, asking residents how the local governments can work together to keep the community well-informed.

The Service Delivery Review assesses the provision of services by the County and its four lower-tier municipalities – the Township of Algonquin Highlands, the Township of Minden Hills, the Municipality of Dysart et al and the Municipality of Highlands East – with the goal of seeking efficiencies and opportunities for heightened collaboration.

The brief survey can be accessed on the County of Haliburton's public engagement platform at wadein.haliburtoncounty.ca.
